

Sil-Glyde – Multi-Purpose Lubricant

Sil-Glyde Lubricating Compound A longer-lasting, high film strength protective lubricant for all surfaces, including: rubber, metal, wood, glass, and plastic. Won't melt, freeze, gum, or run off. Performs from -20 deg F to +400 deg F. Grease consistency stays put and won't drip off like silicone oils. Harmless to rubber and car finishes. Suggested applications: Trunk seals, rubber bumpers, speedometer cables, brake parts, window channels, hood strips and pads, rubber gaskets, and belts. Compatible with DOT 3 and DOT 4 Brake Fluid

Color: Opaque

Container Type: Plastic Container

National Grease Lubricating Institute Specification: No

Synthetic: No

Working Temp. Range: -20 to 400
