

VANGUARD™

(Overhead Valve Design)

Less Noise

Larger muffler produces up to 70% less noise power for a quieter work zone.

Longer Run Time

50% larger fuel tank capacity and improved fuel economy for longer run times between refueling.

More Power

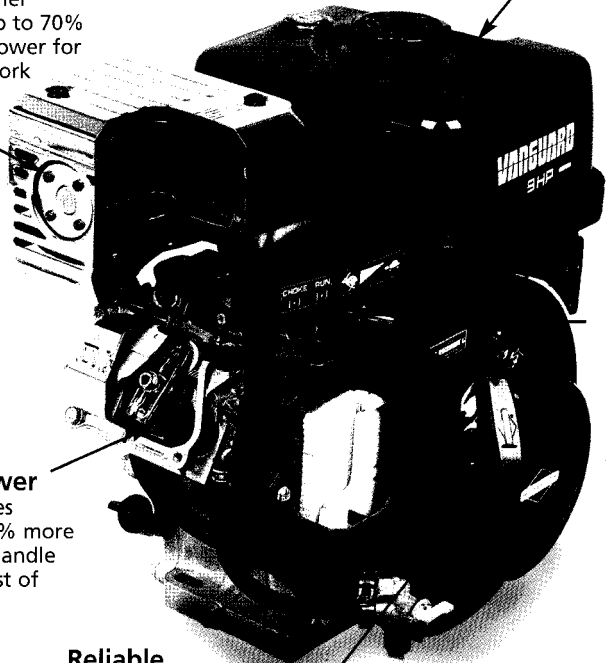

OHV engines produce 20% more power to handle the toughest of jobs.

Reliable, Easy Starting

One-pull starting from float-style carburetor. Mechanical compression release reduces pull force by as much as 50%

Commercial Durability

OHV engine runs cooler and cleaner, extending life and doubling warranty.

POWERED BY
VANGUARD™
Premium Commercial Engines

This engine has been tested with
fuel treated with

STA-BIL®

to prevent gum and varnish
residue in tank.

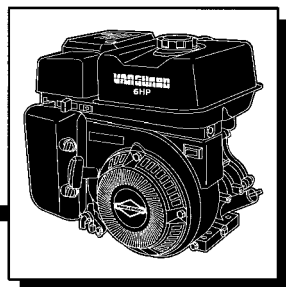

VANGUARD™

9 HP

SINGLE CYLINDER OHV HORIZONTAL SHAFT

*The world-class engine that delivers premium
power and maximum performance.*

▶ Buyer Protection Package | <ul style="list-style-type: none">■ Engine runs cooler, cleaner and more efficiently. Less carbon build-up, longer valve life, and improved fuel economy.
■ Withstands wear and abuse while providing improved oil control.
■ Easily replaceable, extended service life.
■ Pleated paper filter with a foam pre-cleaner ensures maximum protection for long engine life.
■ Reduces the pull force needed to start the engine by as much as 50%, and restores the engine to full power immediately after starting.
■ Up to 50% quieter than comparable models. Produces low noise levels for a quiet work environment.
■ Significantly reduces the chance of engine damage due to insufficient lubrication.
■ Quick, dependable starts with no required maintenance
■ 2-year limited warranty. |
