431 Spark Plug

Where to Buy

Add to Parts List

+Share

Dependable performance. This Champion® spark plug features a copper core electrode that provides increased conductivity and heat control for good overall wear.

- Copper Plus - Dependable Performance and Durability
- Copper core center electrode allows for accurate control of heat range for longer life
- Superior corrosion resistance
- Built to ISO and SAE standards for proven performance

SPARK PLUGS

Plug Type	RC14YC
Seat Type	Gasket
Hex Size (Inch)	0.625
Hex Size (MM)	15.880
Thread Size (Inch)	0.551
Thread Size (MM)	14.000
Thread Reach (Inch)	0.75
Taper Diameter (Inch)	0.25
Installed Height (Inch)	1.99
Insulator Projection (Inch)	0.06
Gap (Inch)	0.033-0.038
Gap (MM)	0.84-0.97
Center Electrode Diameter (Inch)	0.094
Center Electrode Material	Nickel Copper Alloy
Ground Electrode Material	Nickel Copper Alloy
Ground Electrode Quantity	1
Classification	Champion Copper Plus
Resistor Plug	Yes
Resistor Type	SAC-9
Manufacturer Heat Range	14
Electrical Terminal Type	Non-Removable Nut
