

The EverStart 27DC Marine Battery is a smart choice for your boat. This item is available for in-store purchase only. It comes with a one-year replacement warranty, and with free battery testing and installation at your local Walmart Tire and Express Lube Center, where you can also find free lead-acid battery recycling. When you need to power your boat and keep it moving, the EverStart Battery is a reliable option that has been carefully crafted for reliability.

EverStart Marine Battery, Group Size 27DC:

- 1 year free replacement warranty with original receipt
- Marine Cranking Amps: 750
- (MCA) Marine Cranking Amps is a rating that defines a marine battery's ability to deliver a large amount of power for a short period of time. Since marine batteries are typically never used at temperatures below freezing, marine cranking amps are measured at 32° F as opposed to 0° F for cold cranking amps.
- Top Post

****Price shown does not include the 'Core' Battery charge (varies by state). To avoid this core charge, bring your old battery in exchange at time of purchase. If you do not have**

your old battery at time of purchase, simply bring it later along with your receipt and your core refund will be issued**.

- FREE battery testing and installation at your local Walmart Auto Care Center
- Need to get rid of your old battery? Free lead-acid battery recycling at your local Walmart
