

Gold Eagle HEET Gas-Line Antifreeze and Water remover prevents gas line freeze up and removes water from the fuel system year round. It is safe for all four cycle engines including fuel injected engines. This product helps prevent rust and corrosion by getting the water out of fuel. It can be used with every fill up in below freezing temperatures or whenever you want to absorb water from gasoline.

USAGE DIRECTIONS:

Press down and twist off cap. Remove foil seal. Pour ENTIRE contents into gas tank before or after filling with gas. Bottle treats 20 gallons of gas. Wipe up spills promptly. Use with every fill-up in winter. Removes water and condensation in warm, wet weather.
