- Protects Your Open Frame Generator from Dust, Dirt, Moisture, and UV Damage
- Made with Highly Durable Synthetic Polyester Fiber and Quality High-Density Stitching
- Drawstring Allows for a Tight and Secure Fit

Overview

Ensure your Westinghouse WGen Series generator is cared for properly by the Westinghouse woven vinyl generator cover. Scratch-proof and element-resistant, this custom high quality cover is made for long-lasting durability and protection. For use when transporting or storing your product, not while the generator is running.
